Professional Software Engineering, Inc. (dba PROSOFT) acquires MYMIC, LLC

Virginia Beach, VA, June 20, 2019 – Professional Software Engineering, Inc. (dba PROSOFT) has completed its acquisition of MYMIC, LLC (MYMIC). Effective 1 June 2019, MYMIC becomes a wholly owned subsidiary of PROSOFT. "PROSOFT and MYMIC leadership have been colleagues for many years, and the acquisition was a logical and desired action by both parties," stated Mr. Paul Wong, President and CEO of PROSOFT. Both PROSOFT and MYMIC support a number of DoD customers in Hampton Roads, Northern Virginia, and Charleston, SC with considerable expertise in Information Technology, Training development, and Modeling and Simulation. By leveraging their combined experience, customer base, and capabilities, both companies will be able to pursue new opportunities. "Based on our past professional experience with the owners of PROSOFT, Paul Wong and Mike Adolphi, we believe they are an excellent choice to assume ownership," stated Mr. Tom Mastaglio, co-founder of MYMIC. "They are highly ethical professionals and experienced in the government services contracting business."

MYMIC will maintain its headquarters in Portsmouth, VA with Brad Carpenter remaining as CEO. "My primary focuses for MYMIC continue to be our Employees, Customers, and Growth," stated Mr. Carpenter, adding: "Combined, MYMIC and PROSOFT have been in business for over 50 years, and with your support we will make this acquisition go smooth so that we can enjoy another 50 years of success!"
